

# Fundraising at CHaD

Our programs make CHaD as unique as the 95,000 kids we serve each year.

## We need your help to sustain them both.

### COVID-19's Impact on CHaD

**COVID-19 has changed the way we fundraise in 2020.**

In March, the CHaD Battle of the Badges hockey game was played without an audience, the impact of which was a loss of \$60K for critical programs that support our young patients. While we don't know what is in store for the rest of our events this year, we are anticipating fundraising shortfalls due to the pandemic. We also know in addition to providing pediatric COVID-19 care, our needs are increasing, particularly around family support and programming for victims of abuse.

**We are grateful for community support in all forms.**

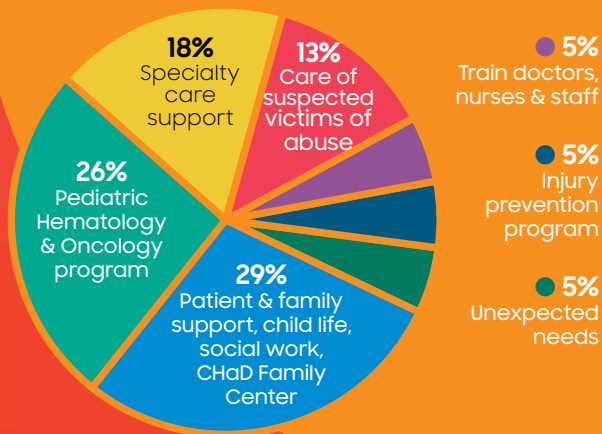

## In 2019, our community helped us raise close to \$3 million dollars. We need your support now more than ever.

### 2019 COMMUNITY FUNDRAISING

Individual donations	\$154,932
CHaD HERO	\$831,185
