

Equity Statement

Foodshare’s Values include respect and empathy as well as making the best use of every resource. Our Vision includes magnifying the voices of people who have experienced hunger and welcoming diverse perspectives. To live these ideals every day, we foster and promote a workplace where all cultures, faiths, ethnicities, and individual differences are welcome. We strive for equity and a work environment that welcomes everyone’s perspective and contribution. We recognize that systemic injustices – such as racism, classism, and sexism – create and perpetuate conditions that sustain poverty and hunger. Foodshare believes that all voices have the right to be heard in an environment of equity, respect, and inclusion.
