[scleroderma.org/steppingoutdenver](http://scleroderma.org/steppingoutdenver)
- Saturday, June 26 – Fort Collins, CO  
[scleroderma.org/steppingoutftcollins](http://scleroderma.org/steppingoutftcollins)

## Facts about scleroderma

- “Sclero” means hard and “derma” means skin. A hard word and an even harder disease to be diagnosed with.
- Hardening skin is just one of many symptoms. Stiff joints, digestive issues, lung scarring and kidney failure all can result.
- Scleroderma affects 300,000 Americans yet few people have heard of it.
- Medications can sometimes help slow progression; but there is no cure.

## Our Mission

The National Scleroderma Foundation was founded in 1998 to advance medical research, promote disease awareness, and provide support and education to people with scleroderma.
